

I'm So Lost

by AC (Alexander Concepcion)

I'm so lost; don't know what to do
Don't know where to go, you're so far

I'm so lost, so lost
Don't know what to do, what to do
Don't know where to go, where to go

You're so far, far away, so alone
And I know you feel the same
But don't worry, don't worry, nooo, don't worry

Really loved me
Lookin' back, 2019 graduated, would've waited

If you stated that you really loved me
From the point of growth to maturity
Understanding what it really was, yeah

To what it really was... young in love, never comprehended
But you said it, contemplated if you really meant it

Tellin' me that you love me
Three strong words that I'll never forget

Well, I thought you "really" loved me
Yeah, let's fast forward; it's 2024

Graduated college, bachelor's degree, wild to see
How I found myself when I was lost

When I was low, you'd up and go
You would never show; how would I know?

Of where to go, you were all I had
I'm not even mad, it's just sad

You taught me many things
Came in this world alone, so I gotta do it alone

No one's gonna really be by your side in the end
It's more of a fight for yourself, a self-reflection

It's who you wanna be, so search for that opportunity

So alone, I'm so lost, so alone
I'm so lost; don't know what to do

Don't know where to go
You're so far

Uh, Rewind back to the time
When the original "I'm So Lost" came out in 2020

When it was about love, thinking we could fix something that we lost

Tellin' you not to worry, no, not to worry, mmm
But within' that time we

Disconnected and we

Neglected the fact that what we had was never real
No strings were attached

Two years together was nothing but waste of time

When I could have just focused on myself
But that's what young love does

It distracts you from the things in life
Things that you wanna' pursue
It leaves you feeling blank and not knowing of what to do, aye

Mmm, it leaves you feeling blank and not knowing of what to do, mm

I'm so lost; don't know what to do
Don't know where to go

You're so far
